There is nothing impossible for us.

Individual project

Our design team will prepare a free visualisation with your company's logo,
individual text or chosen graphics.

Carefully selected set of pralines

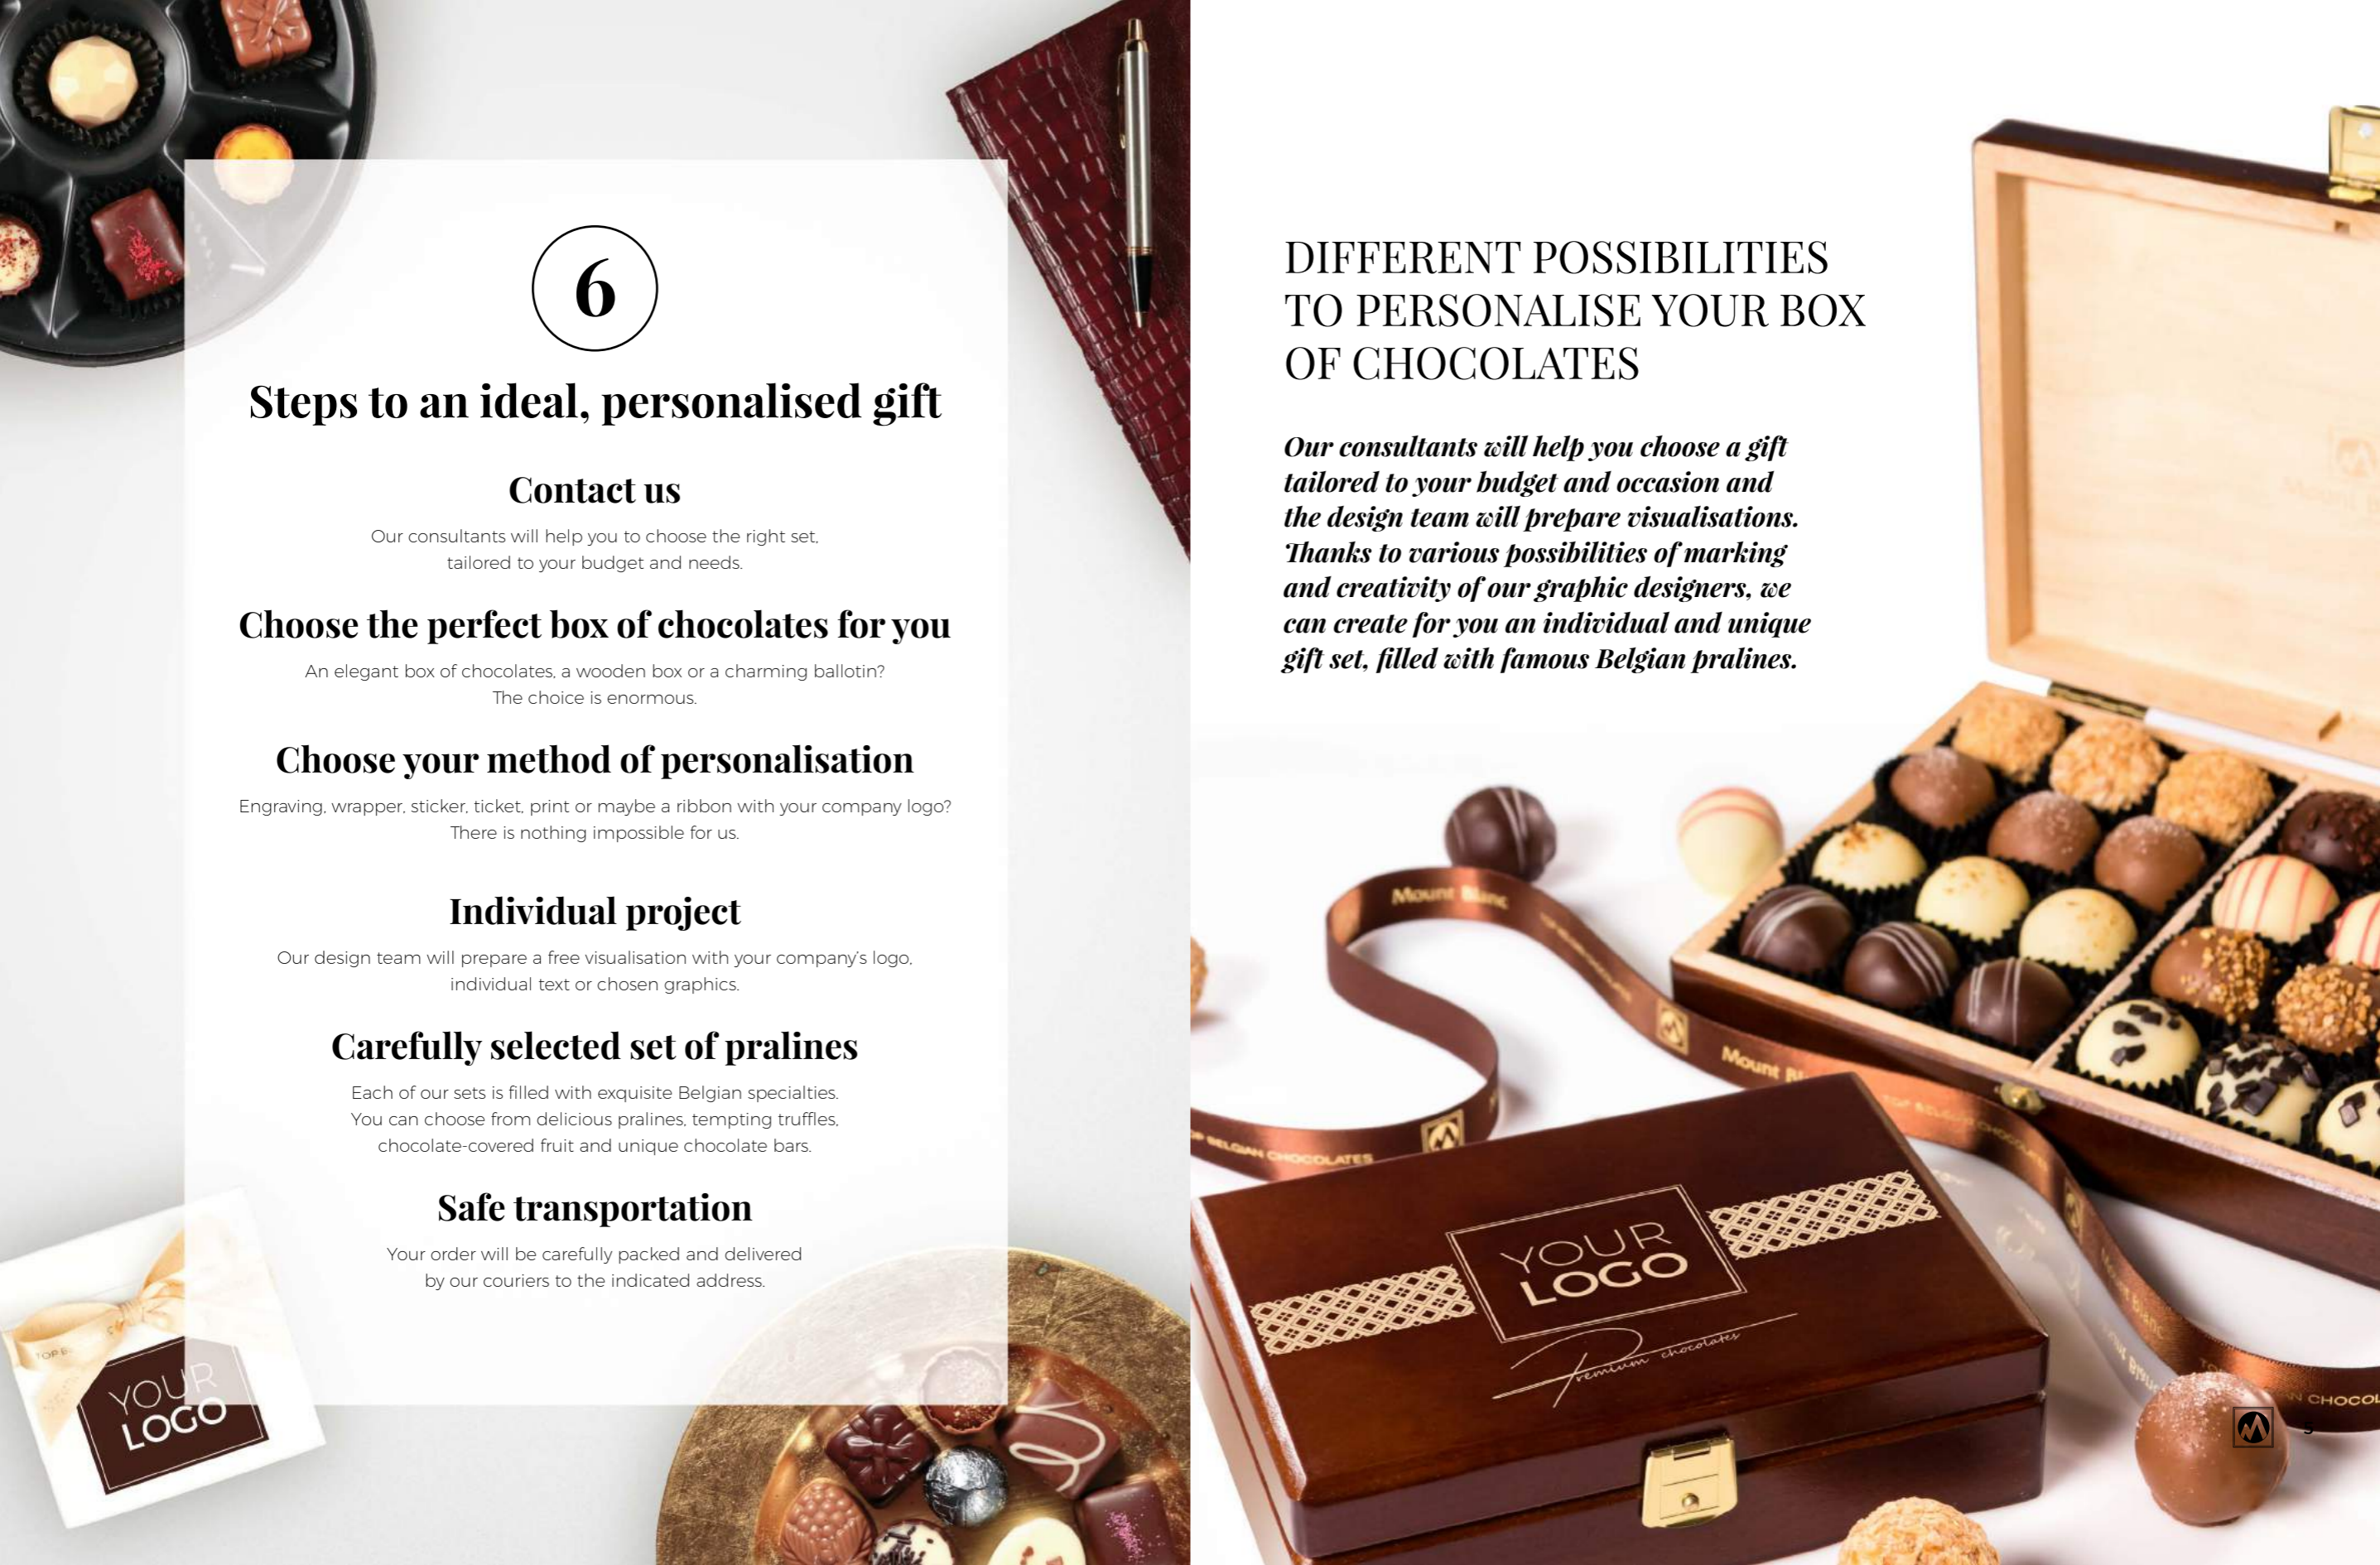

Each of our sets is filled with exquisite Belgian specialties.
You can choose from delicious pralines, tempting truffles,
chocolate-covered fruit and unique chocolate bars.

Your order will be carefully packed and delivered
by our couriers to the indicated address.

DIFFERENT POSSIBILITIES TO PERSONALISE YOUR BOX OF CHOCOLATES

*Our consultants will help you choose a gift
tailored to your budget and occasion and
the design team will prepare visualisations.
Thanks to various possibilities of marking
and creativity of our graphic designers, we
can create for you an individual and unique
gift set, filled with famous Belgian pralines.*

Print

A box of chocolates with printed company logo, wishes, original graphics? We are limited only by our imagination, because the possibilities of printing are infinite. Colour printing on a box of chocolates, case or ballotin will give them a completely new and individual character.

Ribbon

A ribbon with your company logo will add elegance and character to your gift. We have around a dozen colours of ribbons available to choose from. The print on the ribbon is made with foil in any colour, including golden and silver.

Sticker/Label

We make personalised stickers in any shape and size. On such sticker placed on a chocolate box or bag with pralines, we can place your company logo or any print.

Tickets

We can design a ticket with any text, on which your company logo will also be present. Such ticket may be permanently attached to the ribbon or placed inside the chocolate box.

Engraving

Laser engraving is one of the most durable methods of marking products. As a result of this method, we obtain an elegant mark in one, usually creamy, colour. It is perfect for wooden cases and certain chocolate boxes.

Finish with UV varnish

For our most demanding customers, we propose premium print with UV varnish. Your company logo or text finished with matte or glossy UV varnish will make your chocolate boxes or cases look luxurious.
